Remove outdated results from Google

Printable checklist

- [ ] "Before" searches done in a private window, with `&pws=0`, for every version of the name
- [ ] Screenshots of page 1 saved, named by date and search
- [ ] Log started: each unwanted page, its site and what to ask
- [ ] Each site's removal or correction policy read
- [ ] One short request written and sent per site
- [ ] Every send logged with the date and how it was sent
- [ ] Day 7 follow-up sent to sites that didn't answer
- [ ] Day 14 follow-up sent, then stopped
- [ ] Page source checked for noindex on every page a site changed
- [ ] Google refresh requested for pages that are gone or changed (never for noindex only)
- [ ] Bing Content Removal requested for the same pages
- [ ] Personal contact details requested through Results about you
- [ ] Searches repeated on day 14, 30 and 60
- [ ] Day 60 before and after compared
